

# Welcome to the first week of learning and fun of 2026 at Blackhall!

## Tuesday, 6<sup>th</sup> – Friday, 9<sup>th</sup> January

**First week back together again!  
What stories do we have to tell??**

# Tuesday, 6<sup>th</sup> January

- P5F pupils are off for their last swimming session.
- Swimming in Pyjamas! Was it easier or harder?

# Wednesday, 7<sup>th</sup> January is National Bobblehead Day

- These are fun, oversized head-bobbing models.
- They make any shelf of desk more entertaining.
- Who would you like to see as a Bobblehead?

# Wednesday, 7<sup>th</sup> January

- Let's all get together for our first whole school assembly of the New Year!

# Thursday, 8<sup>th</sup> January is Earth's Rotation Day

- The Earth rotates every day and that is why we have day and night.
- But there are very few days that are EXACTLY 24hours in length.
- Find out what you can about how our planet turns and moves through space.
- It's amazing!

# Friday, 9<sup>th</sup> January is International Choreographers Day

- Put your favourite dance moves together to make a routine.
- Could you be a choreographer?

**Have a lovely weekend!**

**We'll see you  
back at school  
on Monday!**
